Re: 1-Day Memberships for Juniors

A first-time Junior rider (that has never participated in any prior event or season) may purchase a one-day membership for one USWRA weekend/event. If the same rider returns to participate a second weekend or event, he/she will be asked to purchase a full membership at \$55.

The price of a one-day membership is \$10 plus the \$7 insurance fee to cover the weekend/event.

World Finals qualifying requires that the Junior rider participate and be scored in at least one event for the season before the cutoff date. Any rider attending the World Finals will be required to have a full IJSBA or IJSBA-Affiliate membership.

If you have additional questions, please contact the USWRA or IJSBA.
