Re: Scott Frazier – IJSBA Rider Rep Position

The USWRA would like to congratulate Scott Frazier on being elected as the first Rider Representative to the IJSBA Board of Directors. This milestone of an industry-wide representative IJSBA Board lays the groundwork for the collective voice of the new IJSBA.

Scott, along with Dave Bambas and the rest of the soon-to-be-announced IJSBA Directors will have an unprecedented responsibility to lead the IJSBA, its affiliates and members to the next level of worldwide racing. The USWRA offers our support of this new Board of Directors and look forward to the future of this representative organization.

We would like to thank Scott for his work as a USWRA Senior Advisory Member and wish him all the best in his new position. It is a responsibility we believe he will take seriously and represent the riders well as he has demonstrated a high level of interest and input in the past when it comes to personal watercraft racing.

In order to avoid any conflict of interest, the USWRA accepts Scott's letter of resignation from the USWRA Senior Advisory Board.
